

FACT SHEET INSA Toulouse - FRANCE

Full legal name of the Institution	INSTITUT NATIONAL DES SCIENCES APPLIQUEES DE TOULOUSE
Usual name	INSA Toulouse - France
Short description	<p>With 11,000 alumni present in all economic sectors, INSA Toulouse, an international, multi-disciplinary, state engineering school, is recognised for the excellence of its five-year engineering education which attracts students of a high academic level and who have obtained excellent results in high school. INSA Toulouse is part of the INSA group, the largest engineering group in France, and member of the University of Toulouse, one of the oldest universities in Europe.</p> <p>INSA-Toulouse provides 8 engineering specialisations at the master level, including computer sciences & networks, automatic control & electronics, civil engineering, mathematical engineering, mechanical engineering, physics engineering, chemical engineering and biochemical engineering. Its courses, linked to the latest scientific advances, are supported by the activity of leading-edge research laboratories, backed by large industrial groups, ranging from new materials for aeronautics, environmental protection techniques to nano-objects. The international dimension is a priority for INSA: mandatory 12 week period abroad for all students, 120 agreements worldwide, more than 10 international programs. On campus, one in five students is an international student.</p>
