

## Erasmus – Staff Training Week in „Romantic Southern Germany“

The Universities of Applied Sciences in Aalen, Biberach, Neu-Ulm, Ravensburg-Weingarten and Ulm as well as Ulm University cordially invite staff members of their ERASMUS partner institutions for a **JOINT STAFF TRAINING WEEK from May 8 - 14, 2011.**

This ERASMUS STAFF TRAINING WEEK is unique and special in more than one way:

- ❖ it is organized by 6 different higher education institutions,
- ❖ it will take place in 2 different federal states in the south of Germany: Bavaria and Baden-Württemberg,
- ❖ it will combine lectures, seminars, workshops on the one hand with individual work shadowing and training on the other,
- ❖ it is targeted not only at International Office staff, but open also to staff from other areas of university or faculty administration.

Each of the organizing institutions will offer a workshop for International Office staff from their partner institutions on Tuesday and Wednesday.

In addition, individual arrangements will be made for applicants from other areas of university or faculty administration for work shadowing in the respective departments/institutes during these days.

Monday, Thursday and Friday lectures, seminars and an excursion will bring the whole group together.

Thus, participants in this ERASMUS STAFF TRAINING WEEK can benefit from very individual training opportunities while at the same time making contacts across a potentially large group of trainees. Working language will be English. Application Deadline February 28<sup>th</sup> 2011 via Website.
