

**ESCUELA TECNICA SUPERIOR DE INGENIEROS DE CAMINOS CANALES Y PUERTOS
BILINGUAL UC-CU CIVIL ENGINEERING PROGRAM**

PROGRAMA CORNELL

Nº	Course	Final Exam
1	Engineering Computation	February 2th
2	Strength of Materials	January 22nd
3	Introduction to Geotechnical Engineering	January 26th
4	Fluid Mechanics	January 29th
5	Geology	January 19th
6	Spanish Course	February 5th
7	Formación en Valores	-
8	Coastal Engineering	June 1st
9	Engineering Economics and Management	June 3rd morning
10	Structural Analysis	June 5th
11	Geotechnical Engineering: Foundations, excavations and tunn	June 8th
12	Mechanical Properties of Materials	June 12th
13	Uncertainty Analysis Engineering	June 10th afternoon
14	Prehistoric European Art	June 17th afternoon
15	Hydrology	June 15th
16	Introducion to Bussinesq Administration	June 3rd morning
17	Construction of Civil Infrastructure	June 19th
18	Energy Systems	June 17th morning
19	Enviromental Engineering	June 10th morning
20	Heat Transfer	June 4th
